

# The Circle of “Major Modes”

This circular tool can be used to look up all the Major Modes (Church Modes) in any key!

## How to build the tool:

- 1) Print and cut out the two discs (next page)
- 2) Place the smaller disc upon the larger disc
- 3) Connect the two discs by the center. Use for example a “clothing snap” or a “book screw” ...

## How to use the tool:

- 1) Choose a scale on the lower disc
- 2) Choose a keynote on the upper disc
- 3) Point the keynote and the scale together by rotating the discs
- 4) Now all the scale notes are pointed out

## Voluntary Donations:

Donations help me to produce more Music lessons by cutting down the hours at my regular daytime work. If you choose to donate a small amount I will be very grateful :)

And many many thanks to my YT subscriber and Patron “**nupfe**” from Germany who has redesigned the discs and made them really smart and handy. Your work has been extravagant and so exceptionally helpful!!!
